Supervisory Training Program ONLINE
HERE IS THE LINE UP FOR OUR WINTER 2023 SEASON:

PLANNING AND SCHEDULING *STP v 3.0*

January 1 to January 29, 2023   *Required video conference Wednesdays 3:30-4:30pm CST*

This course will help construction supervisors understand ways in which planning and scheduling saves time and money, while increasing quality in the construction process. **Click here** for specific course topics.

IMPROVING PRODUCTIVITY AND MANAGING PROJECT COST *STP v 3.0*

January 30 to February 26, 2023   *Required video conference Wednesdays 3:30-4:30pm CST*

This course details how productivity is measured, management's role in increasing jobsite productivity and how a small increase in productivity can have a significant impact on the time and cost of a project. It is also good review of understanding how project estimates are compiled, how to compare actual project costs with those estimated and how to control costs to meet estimate. **Click here** for specific course topics.

RISK MANAGEMENT AND PROBLEM SOLVING *STP v 3.0*

February 27 to March 26, 2023   *Required video conference Wednesdays 3:30-4:30pm CST*

This course will help construction professionals identify problems and how they occur and learn effective problem-solving techniques. Participants will learn how to use the decision making process and acquire skills that will enable them to immediately function more effectively. The role and responsibility that construction personnel assume for accident prevention and loss control will be used as the setting and context of risk management and problem solving process discussion. **Click here** for specific course topics.

Participants are required to purchase the textbook for each course. Tuition cost is $295.00 per participant and includes the textbook. The required text for each course will be ordered for you by the Chapter office and shipped to the address you provide on the registration form.
