AGC Safety Initiative E-News

June 3, 2020

OUR Safety MISSION: Help each other enforce safety rules to ensure that every person on construction site goes home safe and healthy at end of the workday.

AGC Construction Safety, Health & Environmental Conference goes virtual

AGC's Construction Safety, Health & Environmental Conference is the industry's foremost annual conference to hone-in on the most critical safety, health and environmental compliance and risk issues impacting the business of construction. As a leader in construction safety, health and environment, our top priority is the safety and health of our members, attendees, speakers and staff. We have been closely monitoring the progression of the COVID-19 pandemic and, due to phased re-opening restrictions in our host city, Louisville, Kentucky, we will be pivoting to a completely virtual experience for our **July 14-16** schedule of events. Safety Initiative Goals:

As an AGC Nebraska Building Chapter member, are you participating with:

- 100% of all AGC members and other contractors on AGC jobsites enforcing OSHA standards as they apply to falls, electrical safety and possible another topic.
- 100% of all AGC members will have set their own company goals to improve safety in their firm and have a way to measure progress towards the goal.
- 100% of all AGC members will encourage and support all contractors on their jobsites to set their own company goals for improving safety.
