

**SAFETY**

Nebraska Building Chapter

## **AGC Safety Initiative E-News February 12, 2020**

### **MISSION:**

Help each other enforce safety rules to ensure that every person on construction site goes home safe and healthy at end of the workday.

**How powerful would it be if every one of our members and their employees shared positive news about careers in construction with just one student or one teacher?**

**We're launching a statewide workforce development initiative that will make it easy to spread the news -- no excuses!**

Share the news!

- We recently updated our construction career videos. You can simply share that post on your personal social media channels. You probably have at least one student or teacher in your connections that will benefit from this information.
- You can send students and teachers to our updated careers microsite at [NEConstructionCareers.com](https://www.neconstructioncareers.com).

You can click on any of the nine videos featured on [NEConstructionCareers.com](https://www.neconstructioncareers.com) and get a link to include them in your own workforce development efforts.

**Spring GC Sub Roundtable:** Crisis Communication with Anthony Huey

**30 Years of Work Destroyed in 30 Seconds.** Somewhere within every organization, a crisis is waiting to happen. Maybe tomorrow, maybe next year or even in five years; you can't be sure what the crisis will be or when it will strike. But you can be sure that a crisis will put your organization's hard-earned image and reputation up for grabs. We teach attendees how to communicate with the media, and many other audiences, during a crisis. Attendees will learn how to respond to questions briefly and directly and learn how to control the flow of information in a crisis.

Mark your calendars – April 1, 2020 at Round the Bend Steakhouse, Ashland, NE, 3:00 – 5:00 p.m. This event will be open to all – owners, managers, office personnel, etc. Share with your management teams, supervisors, project managers, communications and marketing departments, subs – anyone who may be called to action in a crisis. [Register here https://www.agcnebuilders.com/events/2020-events/gc-sc-roundtable-april-1-2020.html](https://www.agcnebuilders.com/events/2020-events/gc-sc-roundtable-april-1-2020.html)

**AGC Nebraska Building Chapter's Calendar of Events** – Programming for every aspect of your business! [Check out upcoming events here https://www.agcnebuilders.com/events/](https://www.agcnebuilders.com/events/)

**OSHA National Emphasis Program – [Respirable Crystalline Silica ABSTRACT](#)**

Describes policies and procedures for implementing a National Emphasis Program (NEP) to identify and reduce or eliminate worker exposures to respirable crystalline silica (RCS) in general industry, maritime, and construction. The NEP targets specific industries expected to have the highest exposures to RCS. Scope: This Instruction applies OSHA-wide. Read [more](#)

**Supplement your safety program with [AGC Nebraska Building Chapter Safety Resources](#).** The site offers on-demand, online or on-site training opportunities on a variety of topics; services; regulations and news within our industry. Share this link with team members!

**FREE SAFETY TRAINING VIDEOS--ON-DEMAND** located under the **Training tab** at [agcnebuildersSafety.com](#). Members are provided complimentary day-passes, which allows unlimited usage of a selected video for a given day from 12:01am to 11:50pm. [Click here](#) to preview the construction video catalog. Click on the iTrainStation logo to set-up an account. You need to be approved as a user during Nebraska Building Chapter office hours, (Monday-Thursday, 8:00am-5:00pm and Friday, 8:00am-12noon) before adding videos in your library for access at a later date. If you have any questions, please contact: [Vicki](#), 402-438-0400.

**Safety Initiative Goals:**

As an AGC Nebraska Building Chapter member, are you participating in:

- 100% of all AGC members and other contractors on AGC jobsites enforcing OSHA standards as they apply to falls, electrical safety and possible another topic.
- 100% of all AGC members will have set their own company goals to improve safety in their firm and have a way to measure progress towards the goal.
- 100% of all AGC members will encourage and support all contractors on their jobsites to set their own company goals for improving safety.
